

Teachers! Have you got students starting Y13
A Level Physics or equivalent in September?

Isaac Physics Virtual Student Bootcamp

- **Free** virtual summer “bootcamp” for UK students
- Get your Year 12 Physics students **up to speed** before starting Y13
- Isaac Physics: experienced teachers and physicists using **evidence-based** resources to improve attainment
- Pre-recorded material, online tasks and live Zoom tutorials: minimising attendance, tech and data requirements
- **Mon 23 – Fri 27 August 2021, am only**
- Aimed at students who will be starting Y13 in September 2021, studying Maths and Physics in a state-maintained school/college in the UK
- Priority will be given to applicants who meet one or more of the **widening participation** criteria:
 1. First generation in the family to attend university
 2. Eligible for one or more of: free school meals, Pupil Premium, EMA and/or 16-19 bursary during secondary school
 3. Attends a school or college (or live in an area) with a low rate of progression to higher education. If their home or school postcode is POLAR4 quintile 1, 2 or 3 then they meet this criterion. [Check home and school postcode here.](#)
 4. Attends a school or college with a below-average A-level (or equivalent) point score or live in an area with a high level of socio-economic deprivation: email david@isaacphysics.org to check and confirm.

Please encourage your students to apply (they must apply themselves). If they do not meet criteria 1-4 but are studying at a state-maintained school, we will place them on the waiting list and promote them if there are any available places.
